EXPERIENCES

Retail and Hospitality

- Experience selling inventory at public conventions and events as both a self-published author and working in a food truck.
- Recipe developer and seasonal line cook of a 5-option hamburger menu at public events around Perth.

Photography and Videography

- Over a decade of experience working in studios, on-location, and guerilla-style filmmaking.
- Started in nightclubs dealing with large, intoxicated crowds and taking care of equipment.
- Have had continuous freelance employment covering parties, weddings, producing corporate pro-

EXPERIENCES cont.

motional material, and since 2020; boudoir and erotica content creation.

- Experience with VFX for both commercial and creative projects; including graphics, animations, compositing, using plugins, ActionScript coding, and 2D texture remapping.
- Experience with Adobe rendering pipelines and DVD/Blu-Ray authoring.
- Famous in the boudoir and erotica field for always maintaining a professional, objective demeanour so clients feel safe and relaxed regardless of the nature of the content produced.
- A clean, crisp style with great attention to detail (particularly background details), embracing colour, and creative editing and compositional choices (e.g. Dutch angles) to inject dynamism into the final product, influenced by my background in nightclub photography.

Administration & Management

- Co-founded the business 'Cytique Publishing' in 2010 for my first novel where I managed e-commerce, distributing inventory to libraries and bookshops, and recordkeeping.
- Organised domestic and international (UK & USA) appearances at conventions where I spoke on panels about writing and publishing, managed retail stalls and set up point-of-sale displays.
- Co-created the page 'Three Lions Photography' in 2012 for party photography, becoming the fastest growing photography Facebook page in Perth that year until the brand was sold in 2014. It is still active to this day.
- Co-founded the business 'Baron Tragedi' in 2019 for professional photography and videography services where I managed bookings, client acquisition, equipment inventory, and legal in addition to filmographer duties and location management.
- As Location Manager, have directly managed crews of up to 20 people including rostering, problem solving, legal, wages, and equipment management and security in both studios and on-location, from urban to bushland environments.

Additional Experiences

- Proficient in ActionScript, C++ and HTML/CSS.
- Travelled to India in 2012 for 2 months to purchase precious stones for international sale, where I provided technical support, gemstone identification, price negotiation, and security in dangerous, high-pressure scenarios.
- Provided technical support for 'Legalwise' over a one month seminar where I managed live streams of presentations, quickly learning new software and skills on-site to meet my KPIs for the duration of the contract.
- Casual work in children's entertainment for council festivals from 2022, conducting craft activities with ages 3-12.
- Award-winning performance poet and very comfortable presenting to large crowds.
- Casual work as a line cook in a food truck from 2020 to 2024; designing and cooking the menu, as well as providing hospitality services.
- Since 2022, have been developing a boardgame using Adobe InDesign to be released in 2025. I've always had a strong passion for game design and finely-crafting fun, positive experiences.
